

FLEUR DE LIS SCHOOL
established in 1929

The Healthy Schools Act requires us to let parents and staff know in writing what pesticides products will be used at the child care center during the upcoming year. Harbor Pest Control periodically sprays exterior for general pests on a Saturday morning. The address for the Department of Pesticide Regulation's (DPR) website *where you can find information about pesticide products is www.cdpr.ca.gov/schoolipm.*

<u>Name of Pesticide</u>	<u>Active Ingredient (s)</u>	<u>US EPA Product Registration #</u>
Termidor	Fipronil	432901
Dragnet SFR Termiticide	Permethrin	2793062
Demand CS	Lambda-Cyhalothrin	1001066
First Strike	Difethialone	7173-258
Phantom	Chlorfenapyr	7969-285
Maxforce ant/roach gel	Fipronil	64248-21/432-1460

We post a warning sign on our central bulletin board (located in the 2yr. old play yard by alley gate) 24 hrs. before and left up for 72 hrs. after each application. The sign includes product name, manufacturer's name, EPA product registration #, intended date, areas of application and reason for the pesticide application.

Parents, guardians, and staff may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hrs. before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the bottom portion of this form to the School Office. If you have any questions, please contact the Office at (619) 295-6781.

Request for Individual Pesticide Application Notification

Fleur De Lis School

I understand that, upon request, the school is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school.

Please print name neatly:

Name of Parent/Guardian: _____ Date: _____

Address: _____

Day Phone: () _____ Evening Phone: () _____
